

# STUDENTS SAVING LIVES

Open to all Grade 9-12 Students across Canada

## EARN COMMUNITY SERVICE HOURS TOWARDS GRADUATION

Knowing about **Canada's Stem Cell Registry** is the right of every citizen.

Learn about stem cell donation through online activities and earn **Community Service/Involvement** hours towards graduation. Earn up to 40 hours by hosting recruitment events for the National Registry. Students 17 and older may join the registry for free, by mail.

Thousands of Canadian students have participated in **Students Saving Lives** since it began by an Ottawa student in 2021. People of diverse ethnicities are greatly needed to help those waiting.

**Enhance your civil awareness before graduation.** Start earning hours today.

**Add Hero to your resume.**

Visit [StartWithHillary.ca/Students-Saving-Lives](https://StartWithHillary.ca/Students-Saving-Lives)

## HOST A SCHOOL #GetSwabbed EVENT

Host a one-hour **#GetSwabbed** event in your school community with custom kits from **Canadian Blood Services (CBS)**. Share your event on social media. Set up a table and answer important questions. Hold a themed event or focus on the need for ethnically-diverse donors to **save even more lives!** Professional event hosts and guest speakers available through CBS.

## ENTER TO WIN A \$6,500 POST-SECONDARY SCHOLARSHIP

### ASSIGNMENT SAVING LIVES

Invite 10+ heroes join the **Stem Cell Registry** over the summer (July/August) and enter to win up to \$6,500 towards next year's post-secondary tuition! Open to Grade 12 students across Canada, excluding Quebec. Register to participate.
